

and Health Center, UMHC, Security and Entrance Services for receiving the 2008 Lindberg Bell Award. Bestowed annually by the International Association for Healthcare Security and Safety, IAHS, the Lindberg Bell Award is given to the hospital with the best healthcare security program in the country. The IAHS has over 1,600 members and is the only healthcare security organization in the U.S. They provide valuable services to those in the field, including education and training programs. The award recognizes organizations that have vastly improved their services over the last year, and the UMHC Security and Entrance Services should be commended for meeting this high standard.

The UMHC Security and Entrance Services is charged with protecting hospital personnel and property, in addition to providing excellent customer service. This is no small feat, considering that there are over 10,000 people in the hospital at any given time. Their leadership skills and innovative spirit have been demonstrated through the development of a badge system for the Mott Children's Hospital. Under this program, all visitors to the hospital must check in at a station to receive a badge to wear during their stay at the hospital. This system resulted in an increase in security and has spread to other sections of the hospital. I am confident the UMHC will continue to provide a high level of security for patients.

As a Lindberg Bell Awardee, it is my hope that the UMHC Security and Entrance Services will continue to serve as an example to the community and its peers that the security of our patients should not be overlooked. Our hospitals open their doors each day to diagnose and care to the citizens of our community. It is imperative that while serving this mission our doctors and nurses are not distracted by outside issues. By going the extra mile, UMHC is ensuring that every person who walks through their doors will know that both high quality care and safety comes first. Again, I commend UMHC for their effort and tireless dedication to its patients. To the doctors, nurses and support staff, I congratulate each one of you for being part of a health system who takes the mission of caring for patients to the next level. Congratulations UMHC on winning the Lindberg Bell Award.

HONORING GEORGETTE BROWN

**HON. GREG WALDEN**

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 26, 2008*

Mr. WALDEN of Oregon. Madam Speaker, I rise today to share with you and my colleagues my pride in Georgette Brown. Georgette is a dedicated public servant, a good friend, and a stalwart guardian of the American election process.

Georgette is retiring after 25 years of elected service as County Clerk in Josephine County, Oregon. As all of you know, to be elected to a position repeatedly for over two and a half decades, a person must be extremely well liked, dedicated, competent, and a proven leader. Those attributes truly personify Georgette Brown.

In her career, Georgette has brought innovation and modernization to the Office of Jo-

sephine County Clerk since assuming office in 1983. She oversaw significant transitions that took the county from hand-counted paper ballots to punch cards to optical scan ballots, which are now in their third generation. She flawlessly facilitated the change from voting at polling places to a 100 percent vote-by-mail system today. Georgette has been a true professional as County Clerk, and I have relied on her many times to understand how proposed legislation might affect the local elections process.

Georgette has continually modernized the recordkeeping and reporting functions of the County Clerk's office, now utilizing the Internet extensively. She has created a user friendly office where you can easily obtain passports and other public documents. As County Clerk, Georgette also performs marriages.

To accomplish what Georgette has as County Clerk would be considered remarkable in and of itself, but Georgette also excelled at being a loving wife, mother, and now a grandmother. Her public service and leadership has gone beyond her elected position to include her long service in Rotary and Zonta. Georgette has served as president of both of those organizations dedicated to serving others. Georgette serves on the executive board of the International Association of Clerks, Recorders, Election Officials, and Treasurers. In her retirement, she plans to continue her international involvement in the elections process.

For most of her adult life, Georgette was at the side of her husband, Larry, who was tragically taken from us all too soon a few years ago when a long battle with cancer ended his life. Larry was, in every sense of the word, a great American, patriot, and one who accomplished great things. Larry and Georgette were a very effective team working to better their community. When Larry passed away, it took great courage for Georgette to carry on without him, but she has been up to this ultimate personal test. She has kept the flame of public service burning brightly for which the Browns were so well known.

Madam Speaker, with all of her significant accomplishments, Georgette would assuredly point with most pride to the two great daughters that she and Larry raised, Monique and Martie. Monique is married to Shane Anderson and they have presented Georgette with her first grandchild, Taylor Anderson.

Even though Georgette Brown is retiring from public office, she will always be active in serving others, and she remains committed to making her country and her community a better place in which to live and work. Madam Speaker, we may pass laws, but people like Georgette Brown make those laws work for all of us. Although she will be missed as County Clerk, she can leave that phase of her public service knowing that she gave it her all and she made a real difference. With public service such a part of her moral fiber, we know that she will soon be serving in new and innovative ways and continuing to improve the lives of others.

I highly value Georgette's service and her friendship. I ask you to join me in honoring this very special woman.

NAAYI YOUTH PROGRAM—ENCOURAGING MORE MINORITIES TO ENTER HEALTH PROFESSIONS

**HON. BARBARA LEE**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 26, 2008*

Ms. LEE. Madam Speaker, I want to acknowledge and thank my good friend and colleague Dr. DONNA CHRISTENSEN, the chair of the Congressional Black Caucus Health Braintrust. As the only doctor in the CBC, Congresswoman CHRISTENSEN—we all look to DONNA for her advice and her insight on critical health issues that affect our communities.

Whether it is finding ways to address racial and ethnic health disparities, helping our health care system provide culturally competent and culturally relevant care, or helping encourage young people, like you all, to enter the health professions, we rely on DONNA to guide us.

I want to thank her for her leadership and for helping to organize this event today.

My background is as a psychiatric social worker. I know how important it is to have people of color in the health professions; people that can relate to their patients and who can provide help and advice in a way that is relevant for them.

As a member of the Appropriations Subcommittee on Labor, Health and Human Services, and Education, I have been working with my colleagues to increase funding to increase diversity in the health professions.

This year I'm pleased to report that we have developed a bill that would provide nearly \$104 million to increase diversity training programs in the health professions. That's an increase of \$34 million from last year.

These funds will go towards programs and institutions that help train minority health professionals and provide scholarship support to help defray the costs of an education.

As we move through the appropriations process I look forward to working with my colleagues to ensure that we keep and grow the money for these programs.

THE MEDICAL DEVICE SAFETY ACT: PROVIDING CRITICAL CONSUMER PROTECTIONS

**HON. JANICE D. SCHAKOWSKY**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Thursday, June 26, 2008*

Ms. SCHAKOWSKY. Madam Speaker, I rise today in strong support of the Medical Device Safety Act of 2008, which has been introduced today by my colleagues Representatives FRANK PALLONE and HENRY WAXMAN. I am proud to be original cosponsor of this legislation, which will restore consumer protections that were eliminated in the Supreme Court's recent Riegel v. Medtronic decision.

The Riegel v. Medtronic decision ignored congressional intent and disregarded 30 years of experience under the 1976 Medical Device amendments, during which FDA regulation and State tort law worked together to protect consumers from dangerous devices. The Riegel decision gives total immunity to device manufacturers who fail to adequately warn
